

## Road Loop

If you get tired of rocks, trees, and dirt you can always take a tour of some of the best motorcycling roads in the state. Starting from Mormon Lake Lodge head south on Forrest Highway 3 to Clint's Well. Then take Hwy87 south again to point "C". A side trip on a gravel road will lead you out to some spectacular views over Arizona's Mogollon Rim. Not up for more dirt just yet? Then move on to Hwy260 and take it west towards Camp Verde. This one time military post has Americana aplenty.

From point "F" at Cottonwood you can take a side trip up to the mining town of Jerome where you will find artist's galleries and some fantastic eating opportunities.

One of Arizona's biggest tourist destinations is Sedona, from shopping to amazing red rock formations this town has it all (oh right, and plenty of tourists too!)

Follow Oak Creek north toward Flagstaff. After the road snakes and winds its way up the canyon there will be a scenic overlook for a bit of a pit stop.

Flagstaff, in my opinion, is the best destination in the area (besides Overland Expo of course 😊). This college town offers plenty of entertainment, and the eating opportunities are too numerous to list here, but it won't be hard to find something for everyone! Enjoy!
