EXPECTATIONS & COMPLIANCE GUIDELINES

- At all times during the event, all staff, instructors, presenters and volunteers working for Overland Expo are asked to maintain a professional-level of appearance and behavior.
- No illegal drugs are allowed at the event at any time. Consumption of alcohol during the event is allowed after show hours (5 pm) and should not lead to disorderly conduct. Illegal drug use or disorderly conduct will render any work contract void and no compensation provided.
- Safety of everyone at all times is our foremost concern. Every field class / hands-on instruction session will begin with safety reminders as outlined by our Training Director.
- Do not tolerate any unsafe behavior during any class, especially if it threatens the safety of anyone. If any registrant does not cease unsafe behavior or disruptions, summon security staff to escort the person off-site. Operating procedures for these situations will be provided in the Safety and Security Plan discussed at the Instructor and Staff meeting.
- Do not tolerate any disruptive behavior from registrants during any class. This includes heckling, "know-it-all" interruptions, and so forth. It may even include being rude to another participant (such as a wife). If this happens, please inform us or Azure immediately.
- If you have any questions or difficulties at any time, please contact Azure.
- Many of you have your own companies in the overland community. Please understand that courses run under the Overland Expo banner are not brand preferential and the opportunity to run a class is not an opportunity to make a 50-minute sales pitch. The exhibitor area is for that. You are welcome to mention your brands or companies, but please do not focus on them exclusively. In all cases consider Overland Expo to be a university where all brands and ideas can be discussed.
- Likewise, don't publicly make fun of others' lifestyles or buying decisions. Just because you like to camp or ride one way does not make that better. Making fun of others is

rude, immature, and won't be tolerated. If we hear complaints, you won't be asked back. We're dead serious about this.

- Do not bring in outside helpers for ANY class without advance permission / clearance from Azure; contact her right away if you need an assistant for your class.
